Profile

Highly skilled Full Stack .NET Developer with expertise in C#, ASP.NET, SQL Server, and MVC architecture. Proficient in building robust APIs and developing dynamic front-end applications using HTML, CSS, JavaScript, and the Angular framework. Strong problem-solving abilities with a solid foundation in data structures and algorithms. Seeking an internship opportunity to apply and grow my skills in full stack development within a collaborative and innovative environment.

Courses

- | | |
|-------------------|--|
| 06/2025 – 07/2025 | Data Base
<i>Digital Pioneers Of Egypt</i>
Data Base For Beginners Like: Add, delete, update tables and join between tables |
| 09/2024 – 01/2025 | Data structure
<i>Udemy</i>
Data Structures concepts like: Linked list, Stack, Queue, Hash Table and Tree. |

Projects

- | | |
|-------------------------|---|
| 02/2025 – 06/2025 | Online Courses Platform
Smart Academy is a modern online learning platform specializing in Computer Science, Programming, and Cyber Security education. Built using HTML, CSS, JS for frontend, Node.js and MongoDB for backend |
| 09/2024 – 02/2025 | Cross-Word Game
Built a Crossword Puzzle game using C++ with a strong focus on data structures. Implemented efficient word placement, search, and validation algorithms to manage the game grid and enhance performance." |
| 09/2024 – 01/2025 | Pharmacy Management System
Developed a Pharmacy Management System using Java and Object-Oriented Programming principles. The system manages medicines, customers, admins, and cashiers, providing a user-friendly interface for efficient pharmacy operations. |
| 01/08/2025 – 15/08/2025 | Clothes management system
Developed a Clothes Management System with C++ and Object Oriented Programming, front-end and database. Designed a user-friendly interface, implemented core business logic, and built a relational database to manage inventory, categories, and customer interactions." |

Skills

Technical Skills

- Problem solving: Data structure and algorithms.
- Object Oriented Programming
- Web Technologies: HTML5, CSS3, JS, Node.js
- Programming Languages: C++, C#, Java, SQL, MongoDB

Non-Technical Skills

- Flexibility
- Creativity
- Time Management

English

Arabic: Mother Tongue
English: Intermediate

Education

2023 – 2027

Misr International University

Department: Software Development.

GPA: 3.7
